Professional Experience

Full Stack Developer Intern *July 2024 - Sept 2024*
APAIA Technology

- Developed a mobile application for doctors to summarize consultations using AI, reducing manual processing time by 30%.
- Designed and implemented an audio processing pipeline to enhance transcription functionality as part of my exploration into AI technologies.
- **Technologies:** React Native, Flask, Python, Expo, Hugging Face

Full Stack Developer Intern *March 2022 - June 2022*
SAGEMCOM

- Created an IT Equipment Management Platform for automated tracking, improving operational efficiency by 25%.
- Implemented real-time notifications and dashboard features, enhancing user engagement and response time.
- **Technologies:** Angular, Node.js, Express.js, SQL Server

Projects

Movie Recommendation App *2024*

- Developed a Flutter-based mobile application that provides personalized movie recommendations with AI based on user mood and preferences.
- Features include trending, popular, and top-rated movie lists; category-based filtering; a mood-based recommendation test; and the ability to save favorites or view related movies.
- Integrated TMDB API to fetch real-time movie data and built a responsive UI with smooth navigation.
- **Technologies:** Flutter, Dart, TMDB API, Firebase

Marketplace of Services *2024*

- Developed a web platform for listing and booking services with a focus on user-friendly design.
- Features include profile management, advanced search, and booking notifications.
- **Technologies:** Node js, Express js, Angular, MySQL

Developer Social Network Platform *2024*

- Built a platform with user authentication, profiles, posts, and comments to foster community engagement.
- **Technologies:** React.js, NestJS, MySQL, Tailwind CSS

Tourism Services Platform *2024*

- Implemented user registration and login functionalities.
- Enabled advanced search for events and tourism services.

- Managed event and service listings for better user accessibility.
- **Technologies:** Node.js, Angular, MongoDB, Bootstrap

Skills

- **Languages:** Dart, TypeScript, JavaScript, Python, HTML, CSS
- **Frameworks:** ExpressJS, NestJS, React, Angular
- **Tools:** GitHub, SQL Server, MongoDB, AWS, Jira
- **Methodologies:** Scrum, DevOps
- **Architecture:** REST API, MVC
- **Languages:** Arabic, French, English

Soft Skills

- Strong communication and teamwork
- Problem-solving and adaptability
- Effective time management and organization
- Creativity and strong sense of aesthetics

Education

Engineering Degree in Web and Mobile Development   *2022 - Present*
Tek-up

Bachelor's Degree in Computer Science   *2019 - 2022*
Faculty of Sciences, Tunis
